## MEET OUR 2025 ST. JUDE CLASSIC PRINCESS! Alex Everding

In 2023, after a prolonged struggle with leg pain, Alex was diagnosed with B-Cell Acute Lymphoblastic Leukemia, leading her family to St. Jude in Memphis for over five months of treatment. As her parents navigated the complexities of medical care, they received unwavering support from the staff, including child life specialist Mrs. Ashley, who helped Alex cope with her diagnosis, and music therapist Miss Lizzie, who provided comfort during tough procedures. Upon transitioning to the Shreveport affiliate, they found warmth in the care of nurse Sam and oncologist Dr. Ayo. Despite the challenges, Alex, a spirited middle child with a love for dance and art, brought joy to those around her with her bubbly personality and vivid red curls. The family's journey through treatment deepened their appreciation for the compassionate support and connections forged at St. Jude, despite the circumstance that led them there.

## MEET OUR 2025 ST. JUDE CLASSIC PRINCE! Allen Owens

On December 20, 2022 Allen (Big Al) Owens was diagnosed with B-Cell Acute Lymphoblastic Leukemia at 17 months old. That same day, Allen, along with his mom and dad, was transported to St. Jude in Memphis leaving his then 7 year old sister and 4 year old brother back here in Louisiana. Allen lived at St. Jude for 6 months. He has had surgery, numerous procedures and countless doctor's appointments. After 966 days,

Big Al rang the bell to signify beating Leukemia surrounded by his friends and family! He's an amazing little guy who loves excavators, dump trucks, motorcycles, Bluey, monster trucks, baseball, cheetos, and chocolate milk. God has been so gracious to us and has given Allen so much strength and courage! #bigalstrong

The mission of St. Jude Children's Research Hospital is to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment. Consistent with the vision of the founder Danny Thomas, no child is denied treatment based on race, religion or a family's ability to pay. All of our net proceeds benefit the St. Jude Research Hospital in Memphis, Tennessee.
